

*Good, Better... Bittel*

## **UNO**Media 5 Slim Trimline

The Bittel UNOMedia5 Slim Trimline phone comes in a wall mount and desktop version, and features a compact design perfect for bathrooms and public areas. The unit displays a Message Waiting Indicator that is highly visible for guest convenience, and is equipped with a Secure Handset Latch to prevent drops and accidental off-hook actions. The UNOMedia5 Trimline, available in black or ivory, is corded and houses its standard 12-key dial pad in the handset.

## Main Features

- **Handset Receiver** -- Hearing aid compatibility
- **Wall Mount Hook** – Keep the handset on hook while in wall mount condition.
- **Flash Button** – 600ms flash time by default; flash time can be set from 100 to 900 ms, or set at 1000ms.
- **Redial Button** -- automatically redial the last dialed number. By default, the last dialed number disappears after 5 minutes to protect guests' privacy. You can set whether the last dialed number shall disappear or not.
- **VOL Button** – three-level volume adjusting.
- **Mute Button** – In phone conversation, it can stop phone transmission on your side (with light indicator).
- **Message Waiting Light** – indicator of ringing, voice message; high-voltage and Lucent light by default.
- **Wall-mount or Desk-mount Optional.**
- **SOS optional.**
